Certification and Compliance

FCC Radio Frequency Interference Statement Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received including interference that may cause undesired operation.

CE Statement

We, Icron Technologies Corporation, an Analog Devices brand, declare under our sole responsibility that the Raven™ 3301-ECO, to which this declaration relates, is in conformity with European Standards EN 55032, EN 55035, EN 62368-1, RoHS Directive 2011/65/EU + 2015/863/EU, EMC Directive 2014/30/EU, LVD Directive 2014/35/EU, and ErP Directive 2009/125/EC.

Industry Canada Statement

This Class A digital apparatus complies with Canadian ICES-003.
CAN ICES-3 (A)/NMB-3 (A)

WEEE Statement

The European Union has established regulations for the collection and recycling of all waste electrical and electronic equipment (WEEE). Implementation of WEEE regulations may vary slightly by individual EU member states. Check with your local and state government guidelines for safe disposal/recycling or contact your national WEEE recycling agency for more information.

Product Operation and Storage

Please refer to the user guide for operating and storage instructions. Operate for intended use only and do not attempt to open the product casing as this may cause damage and will void warranty. If a power supply is required for operation, use only the model provided with this product. When not in use, product should be stored in a dry location between -20°C and 70°C.

Warranty and Technical Support

Limited Hardware Warranty

Icron warrants that any hardware shall be free from significant defects in material and workmanship for a period of two years from the date of purchase. Refer to the user guide for complete warranty information.

Obtaining Warranty Service

Contact Icron technical support within the warranty period to obtain a Return Material Authorization (RMA) number. To begin the warranty process, contact technical support at icron.com/support and fill out the online form.
