

USB 1.1 RV1850 Extender

1-port USB 1.1 85m* Cat 5e Extender System

Sold as unbranded or private label

The RV1850 extends USB 1.1 connections beyond the desktop up to 85* meters.

Local Extender

Actual cable length
45.7cm (18")

Remote Extender

Actual cable length
15.2cm (6")

Features

The RV1850 uses technology ideal for extending USB peripherals including: keyboards, mice, interactive white boards, and game controllers and does not require external power adapters. Key features include:

- Remote extender supplies up to 400mA** to USB devices
- Supports both full-speed (12 Mbps) and low-speed (1.5 Mbps) throughputs
- Reliable operation with all USB 2.0 and 1.1 devices, including hubs
- Robust ESD and EFT immunity for industrial environments
- 3-year warranty

Includes the ExtremeUSB® suite of features:

- Transparent USB extension
- True plug and play; no software drivers required
- Works with all major operating systems: Windows®, Mac OS X®, and Linux®

Applications

- Interactive white board
- Keyboard and mouse
- Sensor/data acquisition
- Industrial control
